- Increased social responsibility and confidence in delivering physiotherapy care.
- Teamwork, event organization, and leadership experience through camp management.

10. Feedback Summary:

- Villagers appreciated getting free and accessible physiotherapy services at their doorstep.
- Many expressed reliefs from pain and stiffness after basic therapy/exercises.
- Students felt the camp gave them practical exposure to real-life cases outside classroom learning.
- They learned to communicate health advice in simple language, adapting to the villagers' understanding.

11. Conclusion & Acknowledgment:

The physiotherapy camp organized by students in the village proved to be highly beneficial for both the community and the budding professionals. Villagers gained access to free consultation, treatment guidance, and health education that addressed their daily musculoskeletal problems. Students, in turn, acquired valuable clinical exposure, developed communication. We extend our sincere gratitude to the village community for their enthusiastic participation and trust. Special thanks to the institute management and faculty members for their constant guidance, encouragement, and support in organizing the camp. We also acknowledge the dedicated efforts of the students, whose teamwork and commitment made the event a success and organizational skills, and strengthened their sense of social responsibility.
