Neotech Campus – Event report

Name of Institute: Neotech Institute of Physiotherapy

NC/NIP /Event report/2024-25/017

Date: 4TH SEPTEMBER 2025

8. Key Highlights:

- Demonstration of basic life support (BLS) techniques.
- Practical training in CPR for adults, children, and infants.
- Discussion on handling common medical emergencies (bleeding, fractures, fainting, cardiac arrest).
- Active participation from students with interactive practice sessions.

9. Outcomes of the Event:

- Participants gained life-saving skills in emergency response.
- Enhanced confidence in performing CPR and First Aid in real-life scenarios.
- Created awareness about the importance of immediate medical intervention.

10. Feedback Summary:

Students and faculty expressed high satisfaction with the practical orientation of the training. Many highlighted that such sessions should be conducted regularly to strengthen clinical preparedness.

11. Conclusion & Acknowledgment:

The training session was highly successful in imparting vital emergency response skills. The institute extends heartfelt gratitude to Dr. Ashish Soneji and the Zydus Team for their valuable guidance, and to Dr. Divya Patil for her supervision. Appreciation is also extended to the enthusiastic students and faculty for their active participation.
