

## NEOTECH INSTITUTE OF PHARMACY

### **“CAREER OPPORTUNITIES FOR PHARMACEUTICAL ANALYST IN PHARMACEUTICAL SECTOR”**

Date: 17/05/2023

A webinar was organized on 17<sup>th</sup> May 2023, focusing on the various career opportunities available for pharmaceutical analysts in the pharmaceutical sector. The session provided valuable insights into the functioning of the pharmaceutical industry and helped students understand the roles and responsibilities associated with different departments.

Students gained knowledge about the work of analysts in the industry, the technical responsibilities of analytical chemists, and the functions of the Quality Control (QC) and Quality Assurance (QA) departments. The session effectively bridged the gap between academic learning and industrial application.

This webinar proved to be highly beneficial for the students. They showed great interest and enthusiasm and expressed a strong desire for similar webinars to be arranged in the future.
