

NEOTECH INSTITUTE OF PHARMACY

“CPR AWARENESS PROGRAMME”

Date: 06/12/2023

A workshop organized by NBEMS-PCI was held on 6th December 2023. As part of this workshop, an online training programme on CPR (Cardiopulmonary Resuscitation) awareness was conducted for all B. Pharm. students. The session was highly informative and beneficial, helping students understand the critical importance of CPR in emergency situations.

Students learned essential life-saving skills, including how to recognize cardiac arrest, perform chest compressions effectively, and respond promptly in critical situations until professional medical help arrives. The webinar also emphasized the role of pharmacists and healthcare professionals in emergency care.

The participants showed great enthusiasm and expressed a strong interest in attending similar practical and hands-on training sessions in the future.
