

# NEOTECH INSTITUTE OF PHARMACY

## Industrial Visit: ASONS Pharmaceuticals, Vejalpur

Date: 19/12/2023

Participants: Students of B. Pharm Sem 1 & Sem 3

On 19/12/2023, B. Pharm sem 1 & sem 3, Students of Neotech Institute of Pharmacy visited ASONS Pharmaceuticals, located in Vejalpur, for an insightful industrial visit. The purpose of the visit was to provide students with a practical understanding of pharmaceutical manufacturing process, quality control procedures and exposure to advanced analytical instruments. During the insightful industrial visit, students had the opportunity to witness and gain comprehensive insights into a diverse array of equipment and processes. We observed operations involving a tablet compressing machine, capsule manufacturing (with body and cap separation), fluid bed dryer, blister machine, and explore the intricacies of production area. Additionally, visit extended to the Quality Control department, where students were acquainted with cutting-edge instruments such as HPLC, Potentiometry, UV spectrophotometers, Karl Fischer Titrator, disintegrating machine, weigh balance and a myriad of analytical instruments. Students had the opportunity to interact with knowledgeable employees of ASONS Pharmaceuticals. The employee/manager provided valuable insight into the practical aspects of pharmaceutical manufacturing, Quality control.

### Conclusion:

The industrial visit to the ASONS Pharmaceuticals was enriching experience for the students & it provided them with a practical understanding of pharmaceutical manufacturing processes and exposure to advanced analytical instruments used in quality control. The visit served as bridge between theoretical knowledge acquired in classroom and real-world application in the pharmaceutical industry. We extend our sincere gratitude to ASONS Pharmaceuticals for their hospitality and providing and informative industrial visit.
